**EXECUTIVE SUMMARY:**

Article XIII B of the California Constitution limits the annual increase in the “one percent” or “non-debt service” property tax revenue collected by the District. Each year the limit is increased by a factor that combines changes in population and cost of living. Staff is seeking Board approval to set the limit for FY '18 at \$5,064,474. Actual budgeted property tax revenue is budgeted at \$2,821,059 which is well under this limit and so would not be reduced.

**DESCRIPTION:**

The GANN initiative, or Proposition 4, was passed by a vote of the California electorate on November 6, 1979 and was again modified by the voters in June 1990 with the passage of Proposition 111. This legislation, embodied in the California Constitution as Article XIII B, restricts the appropriation of "proceeds of taxes" to the appropriations limit adopted in 1986-87, with allowances for increases based upon changes in both population (as measured by either City or County population changes) and growth (as measured by either the change in California Per Capita income or increase in nonresidential construction). The State Department of Finance supplies the District with all data needed to calculate the property tax limits in accordance with Article XIII B; attachment 2 is a copy of the May 2017 letter used to calculate the District's FY '18 appropriations limit.

Attachment 1 shows the history of the District's annual appropriations limit along with the actual property tax revenue it has received. The appropriations limit for FY '18 is calculated as follows:

CA Per Capita Personal Income Change	3.69
Population Growth	0.66
Per Capita Converted to a Ratio	1.0369
Population Converted to a Ratio	1.0066
Calculation Factor for FY '18	1.0437
Prior Year Appropriations Limit	\$4,582,221
Current Year Appropriations limit	\$5,064,474

The District's budgeted annual property tax revenue for FY '18 is budgeted at \$2,821,059 which is well under the allowable limit and so would not be reduced.

**RECOMMENDATION(S):**

Adopt resolution setting the District's property tax appropriation limit for FY '18 at \$5,064,474 in accordance with procedures and data supplied by the State Department of Finance.

Dear Fiscal Officer:

**Subject: Price Factor and Population Information**

**Appropriations Limit**

The California Revenue and Taxation Code, section 2227, requires the Department of Finance (Finance) to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2017, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2017-18. Attachment A provides the change in California's per capita personal income and an example for utilizing the price factor and population percentage change factor to calculate the 2017-18 appropriations limit. Attachment B provides the city and unincorporated county population percentage change. Attachment C provides the population percentage change for counties and their summed incorporated areas. The population percentage change data excludes federal and state institutionalized populations and military populations.

**Population Percent Change for Special Districts**

Some special districts must establish an annual appropriations limit. The Revenue and Taxation Code, section 2228 provides additional information regarding the appropriations limit. Article XIII B, section 9(C) of the California Constitution exempts certain special districts from the appropriations limit calculation mandate. The Code and the California Constitution can be accessed at the following website: <http://leginfo.legislature.ca.gov/faces/codes.xhtml>.

Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this requirement should be directed to their county, district legal counsel, or the law itself. No state agency reviews the local appropriations limits.

**Population Certification**

The population certification program applies only to cities and counties. Revenue and Taxation Code section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2017.**

**Please Note:** Prior year's city population estimates may be revised.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2017-18 appropriation limit is:

Per Capita Personal Income

Fiscal Year (FY)	Percentage change over prior year
2017-18	3.69

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2017-18 appropriation limit.

**2017-18:**

Per Capita Cost of Living Change = 3.69 percent  
Population Change = 0.85 percent

Per Capita Cost of Living converted to a ratio:  $\frac{3.69 + 100}{100} = 1.0369$

Population converted to a ratio:  $\frac{0.85 + 100}{100} = 1.0085$

Calculation of factor for FY 2017-18:  $1.0369 \times 1.0085 = 1.0457$
